**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who relies on fast internet and reliability. Working from home or streaming is my reality. Sonic has been a huge improvement in performance, reliability and cost over the big national providers I was using before. Comcast, att were both slower, less competitive in price and frustrating to deal with regarding customer service. Please do not gut competitive high speed internet by restricting infrastructure use to corporate giants.
